January

2020

We thank God for His guidance as the ministry is doing well. Starting from the month of October and throughout the month of November 2019 the churches that we minister in having been holding Thanksgiving outreach programs and in the month of December 2019 they hold Christmas outreach programs since most of our churches are located in non Christian villages.

and that the Gospel will talk to them and eventually lead them to believe in Jesus Christ one day.

Thanksgiving service

It has been wonderful and a joy to see these Thanksgiving and Christmas outreach programs reach out to the Lahu, Lisu, Shan and Thai people living out in these villages. Thanks be to God for the opportunity to share the good news of Jesus Christ to these people and because of these two special occasions many hundreds of people have heard the good news of Jesus Christ. Please pray for those that have heard the Gospel

The children at the orphanage and their new warm clothes

As for the orphanage, it has been a colder than usual winter this year and we thank you all for your donations and contributions that made it possible for the children to have warm clothes to wear this winter. We would also like to ask you to pray for children's health as a number of them have gotten the cold due to the changes in temperature. We also have 4 youths from the orphanage that are now currently studying in Bible college, 2 of them will finish their classes in March 2020 but before they graduate they will have to do a 1 year internship. we feel especially glad and blessed that Na se one of our youth who is in Bible college and who also grew up at the orphanage feels that she has been called to serve her brothers and sisters at the orphanage so she will be interning at the orphanage for one year and afterwards if God willing she will become one of our coworkers and will be serving at the orphanage as a full time Bible teacher and caretaker for the children of Suk Jai orphanage. We also have another youth from the orphanage that is studying at a physical education university his name is Pi ya, he is now almost finished with his second year. Please continue to pray for all the children and youth of Suk jai so that in the future we will have even more servants of God coming out from Suk Jai.

Luke

As for my wife Ruth and myself we thank God that we have been kept in good health and have to opportunity to continually serve God to our fullest. Starting from the month of October to December we have been constantly travelling and serving in the different villages. My eldest son Mark and his wife Woo Jin will soon be travelling to Korea and will be spending some time there with his wife's family. My youngest son Luke is now working in Bangkok the capital city if Thailand which is around 7 hours away by car. Please continue to pray for our family and for the children of Suk jai orphanage and also pray for the Lahu churches and the Shan church that they will continue to be strong and to continue to grow and bring many in their respextive areas to Christ. Lastly, we wish you a Happy New Year and God bless you all.
